Nevstain 101

PRODUCT DESCRIPTION

Nevstain 101 is a low molecular weight hybrid liquid polymer derived from hydrocarbon and bio-renewable feedstocks.

APPLICATIONS

- Exterior Wood Stains
- Interior Wood Stains
- Clear or Pigmented Systems
- Other Drying Oil Coating Systems
- High Solid Architectural and General Maintenance Coatings
- Rheology Modifier

FEATURES

- High Solids / Low Viscosity
- Broad Compatibility with Oil-Based Vehicles
- Oxidative Drying
- Clear, Light Color
- Low Molecular Weight
- Hydrophobic

BENEFITS

- VOC Reduction
- Viscosity Reduction
- Excellent Penetration
- Improved Adhesion
- Enhanced Water Resistance to Porous Substrates
- Improved Drying
- Improved Appearance and Aesthetics
- Performance Property Improvements
- Improved Durability and Protection
- Reduced Compound Cost Potential
- Sustainability
- Enhanced Pigment Wetting and Dispersion
- Versatile and Simple Formulating Tool

PROPERTIES

Property	Test Method	Typical Value	Specifications
Gardner Color (Straight)	ASTM D1544	6.0	8 Max
Brookfield Viscosity @ 25°C, cps	ASTM 2196	100	100 ± 30
Specific Gravity @ 25°C	ASTM D891	0.94	N/A
Appearance	Visual	Clear/Pale Yellow	N/A

PACKAGING: Nevstain 101 is shipped in bulk or 400 pound net weight drums.

TSCA Status: Neville Chemical Company certifies that all components of this product are on the TSCA Inventory.
